Event Name: **Intermediate Screenwriting**  
Date: 8th Oct 2014  
Time: 6.15pm-9.15pm  
Venue: Metro Screen  
Cost: 400  
Contact: Peter Ireland: metro@metroscreen.org.au 02 9356 1818  
Event Description: Armed with the basics of screenwriting and a script or treatment you have been working on, you will make the leap to Intermediate Screenwriting. This course is an opportunity to expand on your current writing skills, and develop strong narrative and script elements for effective storytelling. Come away with a thorough working knowledge of structural and technical basics, as well as the ability to transform your ideas into commercially viable scripts. To take this course you need to bring a script: short, feature, TV, treatment or a project at a stage of development you can progress with. Using a writers group method to learn while you work on your writing, you will walk away with better writing skills and: a polished short script; a polished feature script treatment; or a rough draft of your TV/serialized script. Dates: Wed 8 Oct ??? Wed 12 Nov (6 sessions) Time: 6:15pm-9:15pm Cost: $400 Early bird discount book by 19 September

Event Name: SSF: Rust Never Sleeps - Combating Plant Rust Diseases to Protect Our Food Supply Date: 15th Oct 2014 Time: 5:45pm Venue: Eastern Ave Auditorium, University of Sydney Cost: FREE Contact: Sydney Science: science.forum@sydney.edu.au Event Description: Presented by Professor Robert Park Judith and David Coffey Chair in Sustainable Agriculture Faculty of Agriculture and Environment, the University of Sydney  The World Health Organisation has estimated that about one third of the world’s population is well fed, one third underfed, and one third is starving. Plant diseases are a significant contributor to this imbalance, with conservative estimates of global losses of crops due to plant disease in the order of at least 10%. Cereal
Plants are incredibly important; they are grown in greater quantities and provide more food energy worldwide than any other crop. We've been domesticating cereal plants for around 8000 years and our efforts to develop better yielding and disease resistant crops has had the negative effect of guiding the evolution of crop pathogens. We've inadvertently made new pathogen strains emerge that have at times caused crop failure and famine. Find out how problems of inadequate food supply, the world's increasing population and the emergence of new crop diseases are presenting significant challenges in ensuring adequate supplies of safe and nutritious food for all. Professor Park will reveal how plant diseases affect our very existence and the work his team do in developing new approaches for sustainable and environmentally friendly crop disease control.

Join us after this talk for hands-on activities and demonstrations.

Event Name : **CAAs Annual Conference**
Date : 24th Oct 2014
Time : 9am to 5pm
Venue : Dockside, Cockle Bay (Sydney)
Cost : Varies
Contact : Alison Muscat : admin@caa.nsw.edu.au

Event Description :

**Please note that Conference is fully booked for 2014. Any registrations will be placed on a waiting list**

This year, Conference is on Friday 24 October 2014 at Dockside, Cockle Bay (Sydney - same venue as last year) with optional pre-conference activities on Thursday 23 October. We have an exciting Conference planned and all the details are below! Please note that our Conference has been fully booked for the past two years, so please book early to secure your place. You have until the end of September to pay.

**Keynote Speaker** - Our keynote speaker is James O'Loghlin. James O'Loghlin is one of Australia's most respected, entertaining and experienced speakers and media personalities. Best known as the host of over 300 episodes of "The New inventors" on ABC-TV, and for his witty and entertaining programs on ABC Local Radio. He has been delighting corporate audiences for over a decade. From criminal lawyer, to comedian to media personality and presenter James has a wealth of experience. It was this role as the host of the New Inventors hat fuelled James' interest in innovation, a subject upon which he now regularly gives keynote speeches. He explores practical things we can all do every day to become more innovative. A favourite with Australian audiences, James is a true industry professional.

Pre – Conference Activities Thursday 23rd October 2014 (Optional -
only included with paying delegates) In the morning we will be doing college tours, visiting the:

1. National Institute of Dramatic Art (NIDA)
2. International Film School Sydney
3. Actors College of Theatre & Television.

After lunch at the University of Sydney, Careers Advisers have the choice of:

1. Participating in the Careers Advisers Round Table (Sharing Resources, Ideas & Troubleshooting) at JMC Academy;
2. Attending the Teachers Federation Special Interest Group Meeting at JMC Academy.
3. Doing more College Tours:
   • Thales (Defence, Weapons & Aerospace) for a tour of the operational defence base - Please note that we need to provide your personal details to Thales for a security check as this is an operational defence base.
   • If we have large enough numbers for two tour groups, a second group will be visiting the Academy of Interactive Entertainment and Whitehouse Institute of Design.

After that very busy day, we will be relaxing at JMC Academy for some wind down drinks and canapés. **Friday Conference Workshops** - We have a range of workshops scheduled including:

• Strategies to assist students who have given up on school, not motivated to work or who have unrealistic careers expectations
• New & Emerging Careers
• Careers Quizzes - Options for matching a student’s interests to possible career pathways
• Careers in Medical & Health Care
• Careers in Media
• Careers Programming – Career Education Lessons & Activities
• Effective communication and engagement with students and parents
• Mathematics & Careers
• Marketing Techniques for the CA - effective ways to promote your role in the school
• Careers Lessons Years 7-10 & Presenting ATAR Information to Staff – Using BlogEd Software available in DEC Schools
• Resumes & Interviews
• Studying Overseas – Applications & Scholarships, What You Need To Know
• 2013 Careers Adviser of the Year – Careers Program

Some workshops may change slightly depending on speaker availability.

It’s going to be a busy couple of days and we hope to see you there!
