31 March 2015

Dear Careers Advisor,

Following on from our email communication in February, please find enclosed further information outlining the opportunities available to prospective students for 2016.

As outlined in our initial contact with your school last year, St Andrew’s College now offers more than $1 million in scholarships, bursaries and prizes. We would like to ensure that your senior students are aware of these opportunities.

We launched our flagship St Andrew’s Scholars Program midway through 2014, with the inaugural Scholars now residing in College. These scholarships provide financial support of $25,000 per annum, awarded for the duration of each student’s undergraduate degree, whilst they live in College. Each year, up to five new students will be awarded these merit-based scholarships. We seek young people with the capacity and commitment to realise their potential to become leaders in the university, the nation and the world. Please see the enclosed brochure for more information. We encourage this information to be passed on to any high achieving students in Year 11 or 12 who may be interested. The closing date for applications for the St Andrew’s Scholars Program is 30 June 2015.

St Andrew’s College is committed to creating a vibrant and diverse residential community and welcomes applications from students across all demographics. Whilst the majority of our students attend the University of Sydney, several students attend other Sydney universities.

The College is home to over 285 male and female undergraduate students, postgraduate students, resident Fellows and graduate residents.

Detailed information is available on our website www.standrewscollege.edu.au. Applications for residence in College may be submitted online.

The College can be contacted on (02) 9565 7300 should any of your students have questions or enquiries.

Yours sincerely,

Alana Chambers

Marketing and Communications Officer
