New cultural scholarships at St Andrew's College.

At St Andrew's College we welcome young people with a wide range of extracurricular and professional interests and are keen to continue building our community of diversity, inclusiveness and achievement.

St Andrew’s College has a strong history of supporting the arts and has recently strengthened and developed its programs including chamber music and jazz band. Residents have the opportunity to participate in an annual college drama performance, as well as an Intercollege musical and orchestra. St Andrew’s also offers the opportunity for talented students to receive mentoring by professional arts workers within our cultural programs.

We are delighted to announce that we have created a number of new cultural scholarships for residents at St Andrew’s College in 2016.

There are new scholarships available in the following areas:

- Dance
- Drama
- Visual arts
- Oration
- Debating
- Organ

We also continue to offer the following scholarships in Music

- Instrumental
- Choral
- Keyboard
- Piping

Students studying these areas and those with a recreational interest are both warmly encouraged to apply. Closing dates for these scholarships for new students are 20 November, however as there is likely to be a strong interest, applicants are encouraged to apply now.

Please also note that we are able to provide generous bursary assistance for students who otherwise would find it financially difficult to reside in St Andrew’s College.

Please see the St Andrew’s College website for further details http://www.standrewscollege.edu.au

Or call Liz Pearson on 02 9565 7300 for more information.

Yours sincerely

Hester Wilson
Vice Principal
