The Armidale School
Locked Bag 3003
ARMIDALE NSW 2350

Dear Careers Advisor,

St Andrew’s College is a co-residential academic community within the University of Sydney. We have been in contact with high schools across Australia over the past two years to keep careers advisors informed about the growing opportunities we have available for students.

In 2017, St Andrew’s College will be offering $1.3 million in scholarships, prizes and means-tested financial assistance (bursaries). We would like to ensure that your senior students are aware of these opportunities. New scholarships offered this year include:

- Partnering with Country Education Foundation to assist students from rural and regional areas
- In conjunction with the University of Sydney’s E12 Scheme, for students from low socioeconomic backgrounds

We launched our flagship St Andrew’s Scholars Program in 2014, with our inaugural Scholars recently completing their first year residing in College. These scholarships provide financial support of $26,500 per annum, awarded for the duration of each student’s undergraduate degree, whilst they live in College. Each year, up to five new students will be awarded these merit-based scholarships. We seek young people with the capacity and commitment to realise their potential to become leaders in the university, the nation and the world. Please see the enclosed brochure for more information, a copy of which can also be found on our website. We encourage this information to be passed on to any high achieving students currently in Year 11 or 12 who may be interested.

The closing date for applications for the 2017 intake of the St Andrew’s Scholars Program is 22 July 2016.

St Andrew’s College is committed to creating a vibrant and diverse residential community and welcomes applications from students across all demographics. Whilst the majority of our students attend the University of Sydney, several students attend other Sydney universities.

The College is home to over 285 male and female undergraduate students, postgraduate students, resident Fellows and graduate residents.

Detailed information is available on our website www.standrewscollege.edu.au. Applications for residence in College may be submitted online.

The College can be contacted on (02) 9565 7300 should any of your students have questions or enquiries.

Yours sincerely,

Alana Chambers

Marketing and Communications Officer
